SHREYA POWAR

+91 9834460012 shreyapowar598@gmail.com https://www.linkedin.com/in/shreya-powar-447007299/

Profile

Third-year B.Tech Data Science student with hands-on experience in machine learning models, data analytics, and full-stack web development. Skilled in data preprocessing, predictive modeling, and building responsive applications through academic projects and practical implementations. Experienced in developing AI-driven solutions and real-world systems focused on efficiency and innovation. Eager to apply technical knowledge and analytical problem-solving skills while gaining exposure to advanced industrial and automation environments.

Education

Kolhapur Institute of Technology's College of Engineering Kolhapur **2023 – 2026 Present**
B.Tech in CSE (Data Science) *8.714/10 CGPA*

Chate Jr. College of Science,Kolhapur **HSC Feb-2023 :** 80%

Holyden English Medium School, Kagal **SSC Feb-2021 :** *87%*

Internship & Experience

Virtual Intern, C++ Programming | CodSoft **(Aug – Sept 2024)**
-Completed a 4-week intensive program focused on C++ application development and task-based projects.

Web Development Internship – Prodigy Infotech **(Jul-Aug 2025)**
-Completed a 1-month Web Development internship with hands-on project experience.

Projects

AI-Based Leaf Disease Detection
- Developed a deep learning-based image classification system to detect plant leaf diseases. Used Convolutional Neural Networks (CNN) for accurate prediction and preprocessing techniques to improve model performance. The system helps farmers identify diseases early and take preventive measures.

Creative Cart – Online Marketplace for Artisans.
- Built a full-stack e-commerce platform for local artisans using HTML, CSS, JavaScript, and Firebase. Implemented customer and artisan authentication, product upload, wishlist, cart, and checkout functionality. Designed a responsive, user-friendly interface similar to modern e-commerce websites.

EduForum – Student Discussion Platform
- Developed a web-based discussion platform where students can post queries, share knowledge, and interact with peers. Imp lemented structured UI design and interactive features to improve user engagement and collaboration.

Technical Skills

Programming Languages: C, C++, Java ,Python, HTML, CSS, JS, Node.js

Skills

- Teamwork • Time Management • Leadership • Effective Communication • Critical Thinking

Certifications & Co-Curricular Activities

Completed Google Cloud Career Launchpad
-Generative AI Leader Track by Google Cloud.

Secured Second Runner-Up
-PBL for *Creative Cart* project.

Published research paper
-Titled *"Online Marketplace Platform for Artisans"* in IJSREM Journal (Volume 05, May 2025).

Served as Design Associate
- ACADS Student Departmental Club (2024–25).

Worked as Vice President
- ACADS Student Departmental Club (2025–26).

Languages

English – Professional Proficiency, **Hindi –** Full Working Proficiency, **Marathi –** Native Proficiency
